Kellon,

I just talked with Gary and he stated that he had discussed with you the new work and funding that will be used for this work by the Corps. CAS

**Subject:** RE: San Jacinto River Waste Pits Site: IA w/ COE

Sir,

Thanks for the quick response!

V/R,

Kellon

Kellon,

I will wait for Gary to response to your email and provide information.

However, it is my understanding that this is new work, different/separate from the current work, for the San Jacinto site that the Corps is conducting.

Also, the requested funding is specific to this new work and not to increase the current funding for the task the Corps is working on. CAS

Sir,

Just to clarify, are we only changing your SOW Scope (Amending) or are you increasing funding on this project?

Very Respectfully,

Kellon Pearson

Kellon,

As we discussed, here is the SOW and cost estimate for an IA with the Army Corps of Engineers. Please set the IA up so that they can begin working on the assessment of the repaired cap area. Please let me know if you have any questions on this.

Thanks,

Gary Miller
